<b>Packaging 25 kg PE bag</b>	500kg BB PP

**Fertikote:** Coated, controlled-release fertilizer for container nursery and pot plants with essential trace elements. Safe polymer coating ensures uninterrupted nutrient release over 6 months.

Added magnesium enhances photosynthesis and chlorophyll formation. Integrated trace elements in NPK promote optimal root development, uniform plant growth, and boost natural stress resistance.

**Please contact your sales representative for specific product and application advice.**

Store in unopened original packaging in a dry place protected from frost, heat or direct sunlight. Once opened reseal tightly and keep in a dry place.

**Caution:** Harmful if swallowed. Do not inhale. Keep out of reach of children.
